

CloudBik's Office 365 Tenant Migration Services

Introduction to the Migration Service

We are providing complete migration services for Microsoft 365 tenant to tenant including mailboxes, OneDrive, SharePoint sites and Teams.

Do Business with Us

Note: The migration price depends on the number of mailboxes, drives, sites/subsites, teams, and data size etc.

Mailbox Migration Scopes:

Folders and sub-folders

To-dos

Emails and attachments

Notes

Contacts

Calendars

OneDrive migration Scopes:

Documents

Folders

Metadata and Permissions

OneNote

Spreadsheets

Slideshows

Chatted with me

Files

SharePoint Migration Scopes

01

Components

Migrate all
SharePoint server
components.

02

Site Structure

Site Collection, Sites,
Sub-sites, site
navigation and
content types etc.

03

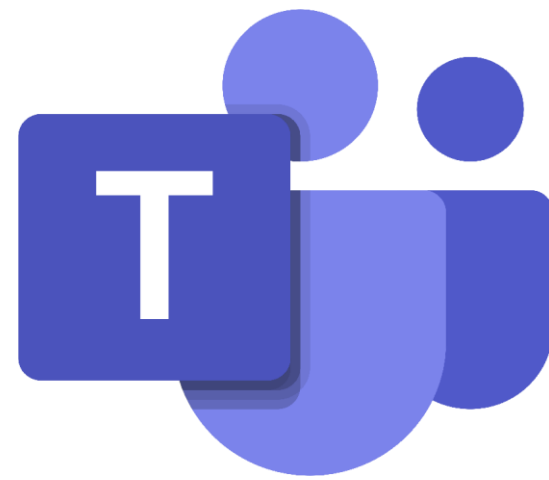

Content and libraries

Documents, pages,
list items, record
libraries

04

Permissions

Permissions,
versioning, and
modification dates,
etc.

Teams Migration Scopes

Teams and Channels

Team settings, Team Tabs, Team owners, Team members, Member settings, Guest settings, Team Calendar, Team meetings, Team groups (Office 365), Group settings, Team apps, Team chats etc.

Channel settings, Channel Chats, Channel Files, Channel Posts, @Mentions Excel, Word/Excel/PDF/PPT tabs etc.

Prerequisites for the Migration:

- 1 User Mailboxes should be created with proper Licenses in the target Tenant.
- 2 All User Mailboxes should be delegated (full access) to the global admin in the source as well as target both Tenants.
- 3 Need a Mapping CSV file to ensure which source mailbox data will be migrated to which target mailbox.
- 4 Need the Login Credentials of Source and Target global administrators.

About CloudBik
